

remove the flip For the header.This is considered cause there are multiple problems aligned with them when refreshing the page .

The Size of the Video box is small, Kindly place it as previous one. **Check last pic**

Maintain the same header for all the pages and front open page too instead of flip.

Self Home inspection should be completely hidden, and on top of it should be shown coming soon.

3 boxes the context has to be in same line, use “Inspect when tenants move in or out to keep your property safe and ready” for 3rd box.

I don't have this logo to use so I just left the old logo, the same thing with the mobile view, if I try to hardcode the logo with checkaro text as seen in the past it causes alignment issues.

Ensure the opener pages comes Ditto like this , the header , the logo , the number & provide a email icon beside, the video box size , the background picture where the light has to fall on the services

ensure consistent font size and style across all taglines. The current font sizes are not uniform.
